Press conference to be held to discuss how Railbelt utilities are partnering to better serve customers

Several Railbelt electric utilities are working together to better serve customers. A pair of efforts will be discussed by utility leaders at a press conference tomorrow.

Chugach Electric Association, Homer Electric Association and Anchorage Municipal Light & Power will discuss plans to work together on a new, efficient, gas-fired power plant to be built near Chugach's headquarters complex.

Chugach, HEA and Golden Valley Electric Association will discuss their support for a single entity to provide generation for distribution utilities throughout the Railbelt in the future.

Press conference details:

11 a.m., Friday, February 22, 2008
Chugach Electric Association boardroom
5601 Electron Drive

Participants on hand to discuss these initiatives will include:

Elizabeth Vazquez, Chair, Chugach Electric Association
Dave Carey, Chair, Homer Electric Association
Bill Nordmark, Chair, Golden Valley Electric Association
Jim Posey, General Manager, Anchorage Municipal Light & Power
Bradley Evans, Acting CEO, Chugach Electric Association
